This 99th Annual Report of the City of Rutland is dedicated to Ethel Wing Stearns in recognition of her many years of service to this community.

Alderman — 1963–1983
Bailiff Officer Rutland Superior Court — 35 years

Mayor's Message

Jeffrey N. Wennberg, Mayor

To the Honorable Board of Aldermen
and the Citizens of Rutland:

Fiscal Year 1991 was the most challenging I have seen as Mayor. Anticipating that the recession which began in the third quarter of 1990 would linger throughout 1991, the city took extraordinary financial management and budgetary measures to reduce our need for more taxes.

I am very pleased to report that it has paid off. Rutland's general government budget had to be cut substantially, including the elimination of fourteen full-time positions. Staff reductions over the past four years have affected nearly every department. Although most reductions have been done through attrition, five involuntary cuts were necessary in 1991 in order to keep our tax rate within legal limits. In spite of these actions, services have generally been maintained, and in several key areas, improved.

The pattern of spending in the City of Rutland General Fund since 1987 has closely followed the rate of inflation. By comparison, the State of Vermont has followed a spending track which is more than twice that rate. As a result, when the recession hit, the 1991 Vermont Legislature was forced to enact the largest tax increase in this state's history, and will still finish FY 1992 with a deficit.

By making tough decisions and enacting conservative budgets through this same period, the City of Rutland was not only able to avoid a tax increase in 1991, we were able to give Rutlanders a much needed tax cut.

Downtown continued to struggle through the worst recession in a decade, with several notable retailers closing their doors. The economic downturn has put our downtown revitalization to a severe test. When we began the program, we had hoped that by now we would be using the Redevelopment Authority, Rutland Partnership and Special Benefits District to bring about the redevelopment of downtown. Instead, we have been forced to use these tools to minimize the impact of the recession. Although the redevelopment program continues to make progress, the recession and the financial climate

have slowed things up substantially. Nonetheless, I remain optimistic that we will be "in the ground" in 1992.

That optimism is buoyed by the approval of a \$1.5 million grant from the U.S. Department of Housing and Urban Development. The money will be used to construct roads and other public facilities in conjunction with the redevelopment program, and was secured through the efforts of Vermont's Senior Senator, Patrick Leahy.

The slow progress of the downtown project, the new shopping mall and needed regional highway improvements are frustrating to us all. It is, however, the nature of the public process that good things take time. We have, in fact, made great progress in nearly all areas, but it is hard to "see" any concrete results—yet. For example, in FY 91 we started construction on the State Street improvement project. This \$2 million upgrade replaced water mains, sanitary and stormwater sewer lines and even replaced an inadequate bridge. The result is an amazing transformation of an important thoroughfare.

Along with this improvement, the city, state and private property owners removed several dilapidated 'eyesores' and have constructed an office building and much needed parking lots. This project took fifteen years from first application to completion. It should not have taken so long, but I am sure most folks are glad that city officials recognized the need and made the commitment in the 1970's, so that we can enjoy the results today.

Like the State Street improvement, the decisions and investments we make today may not reap their full benefit for some time (hopefully much quicker than fifteen years). But if we remain committed to our goal and continue to make progress, the day will come when our dreams are realized.

Once again, I wish to express my sincerest thanks to the Board of Aldermen. Your representatives on the Board work long hours and take time away from their families for the sole purpose of building a better community for us all.

It has been an honor to serve with these folks.

Finally, I would like to express my gratitude to the employees, managers and department heads who 'get the job done' for the citizens of Rutland. The Mayor cuts the ribbon and makes the speech but the folks who deserve our greatest thanks are the dedicated public servants who plow the roads, keep the peace, protect the property, maintain the parks and playgrounds and do the thousands of other jobs which make the city run.

Report of the President of the Board of Aldermen

Patricia Donnelly, President

To the Citizens of the City of Rutland:

Rutland has been confronted with many problems over the past year and many opportunities as well. The Rutland City Board of Aldermen has worked diligently to serve the people of the City.

Much time was spent scrutinizing the FY 91-92 budget in an effort to avoid raising the tax rate this year. The Mayor, City Treasurer and Department Heads sent the Board of Aldermen a fine budget which was ultimately passed and a tax rate set which was below last years. With the downturn in the economy this was difficult to do without affecting services but the citizens need every break possible.

Another major effort completed that took much of the Board's time this year was the passage of the Rutland City Master Plan. With the passage of City Sub-Division Regulations the previous year and the Master Plan this year, the City now lacks only comprehensive new Zoning Regulations to complete the picture. The Board of Aldermen held three Public Hearings and took substantial citizen input into consideration making approximately two dozen changes before finally approving the Master Plan. The Rutland City Planning Commission worked over two years to provide us with this comprehensive document holding over fifteen Public Hearings. Another important note, the plan has since been approved by the Rutland Regional Commission under Act 200 planning laws and is the first in Rutland County.

The Board continues to support efforts being made to revitalize our downtown. Working with the Rutland Partnership Inc. we have authorized a number of special events which have generated much needed traffic downtown. One special note is the agreement reached by the Public Safety Committee Chaired by Alderman Paul Clifford which addresses the concerns raised by some affected by the Killington Stage Race. This highly successful international event should now work in harmony with all along its route. We need to do all we can to support this type of high profile, high traffic event in Rutland. Additionally, the Board remains committed to revitalizing the Rutland Shopping Plaza and

although no physical changes have yet appeared many are in the wings. As Board President I remain active in those negotiations.

The Aldermen remain committed to the Rutland Redevelopment Authority and have assigned Alderman David Sagi to the RRA as Board Representative. We continue our effort to revitalize the shopping area and to locate CVPS head quarters in the downtown plaza area. To that end the City in conjunction with Senator Leahy, has applied for and received a \$1.5M Federal Appropriation to help with the public areas. Tom Donahue, the City's Community Development Director has put great efforts towards that goal. This year should find the plaza project in its final stages of development and the long anticipated revitalization project will be started.

In an effort to enhance the economic development of the area Rutland Aldermen also approved a tax stabilization agreement with Vermont Country Store to be located in the Airport Industrial Park. We also entered a similar agreement with Vermont Integrated Waste Solutions for the incinerator which is now sitting idle.

The board has also, through SWAP I and SWAP II, pursued answers to the garbage crisis and continues to work to bring a natural gas pipeline to the Rutland area.

There has been substantial progress made by the Regional Advisory Board and local city and school officials in restructuring the technical education program at the Stafford Technical Center. The Board of Aldermen has been solidly behind this restructuring effort and through our Community Development Office co-applied with the Town of Poultney for a Project Development Grant of \$12,500 to help underwrite this project. It is extremely important that students at Stafford Tech graduate with marketable labor skills. Bringing the program back to the business community is the way to ensure this. With the move toward regional governance and the introduction of the Technology: Principles and Applications program, Walter J. Herlihy Work/Learn program and Vermont In-

teractive Television this is being accomplished.

The addition of the local cable access has brought the Board meetings to the Rutland public. It enables many citizens to follow our meetings who would not otherwise be involved. I am pleased with the public response to this effort.

This past year was also a special year for the Rutland-Ishidoryia Sister City Agreement. We were honored with a visit from 23 Council members and Japanese Officials and it was a special time for all who were involved. The relationship is now 5 years old and we have begun a business exchange in addition to the ed-

ucation and cultural exchange of the past.

The past year has been one that is filled with promise for Rutland. It has been an honor for me to serve as Board President. The members of the board have worked diligently on behalf of the citizens of Rutland. We thank Jeff Wennberg, Tom Donahue, Frank Zetelski, Chris Sullivan and all of the department heads for their help and dedication to the city. We send a special thank you to Rosemary Finley, City Clerk for her guidance and patience in dealing with our many needs.

RUTLAND CITY BOARD OF ALDERMEN

Standing: John Cassarino, Arthur Crowley, Henry Brislin, Charles Franzoni, Quincy Baker, Paul Clifford, Sigismund Wysolmerski, Nicholas Barone.

Seated: City Clerk Rosemary Finley, President Patricia Donnelly, David Sagi, Sharon Davis.

Audit Report

Reports of the audits conducted by the City of Rutland and the Rutland City School Department are included in the City of Rutland Financial Statement which is a separate document and is available from the Office of the City Treasurer.

Per City of Rutland Charter, Section 8-5, the following recommended Tax Rate for Fiscal Year 1992 is submitted for your approval:

Total Appropriations	\$16,400,578.27
Estimated Revenues	\$ 886,509.38
FY-91 Surplus	\$ 406,592.00
Net Amount to be Raised	\$15,107,476.89
Grand List 1991-92 (Estimated)	\$ 6,864,293.79

Report of the City Treasurer

R. J. Graves, City Treasurer

To the Honorable Board of Aldermen
and Citizens of the City of Rutland:

The Treasurer's office again has completed another year in fulfilling its duties and responsibilities to the Tax Payers of the City of Rutland. Myself and staff are pleased to submit to you the annual report for the year ending June 30, 1991.

It is without question that our responsibilities are great. We in the Treasurer's office welcome our duties and hope that we have performed them diligently and foremost to the best of our ability for the Tax Payers for the City.

Our duties are widespread in nature from preparing and collecting tax bills, water and sewer rents and providing service to the general public, as well as providing fiscal support of all departments of the City.

Utmost in our duties is the accountability of the Tax Payers' dollars. This office publishes a comprehensive financial report annually under a separate cover. As presented in that report the General Fund of the City as a result of its operations has a Fund Balance or surplus of \$406,592.00. This fund balance is directly carried over to the next fiscal year to offset what needs to be raised by taxes for that fiscal year.

The City met its debt requirements promptly during Fiscal Year 1991. It paid out \$370,000.00 in principal and \$282,890.00 in interest. The City's total Bonded Indebtedness as of June 30, 1991 is \$3,045,000.00. Interest on that debt totals \$1,399,061.25.

Treasurer's Office:

*Ronald Graves, M. Margaret Grace, Asst.
Treasurer, Carol Bryant, Micheline Kelley,
Catherine Cioffi*

The City also maintains Water, Sewage Disposal and Parking Meter Funds in addition to a number of Trust and Agency Funds.

The Financial Report will be audited by an independent certified public accounting firm, A.M. Peisch and Co., Inc. The audit was designed to meet requirements of the City, State and the Federal Single Audit Act of 1984 and related OMB Circular A-128.

The preparation of this report and the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department which is made up of the Treasurer's office and Data Processing Department.

Report of the City Assessor

John J. Collins, City Assessor

To the Honorable Board of Aldermen and the Citizens of the City of Rutland:

I am pleased to submit the annual report of the Assessor's Office for fiscal year ending June 30, 1991.

The Grand List at April 1, 1991 stood at \$687 million dollars, a decrease of \$7 million from the 1990 Grand List. The decrease was due to the tax stabilization agreement the City Council arranged with the new owners of the Vicon facility, which effectively lowered its taxable value by \$15 million. Offsetting this decrease was an increase of \$8 million in commercial and residential real estate; business personal property values remained stable this year over last year. The tax on the inventory portion of the personal property is now in its final phase-out year and effective with the April 1, 1992 reporting year, inventory will no longer be taxable.

The real estate market last year continued to be soft both in terms of volume and values. While it does not appear that values in the city are falling as they are in some other areas of the state and the region, it is clear that the rates of appreciation in value that were so prevalent only

a few years ago are down sharply and in some cases nonexistent. Approximately one quarter into this year, we have seen little improvement in the market although it does seem to have stabilized. Normally during the cycle of reappraisals in the city we would be well into preparations for releasing a city wide reassessment at this time, some 3 years after the 1988 reappraisal. Without a sufficient and stable volume of sales to analyze, however, it is not possible to confidently establish the necessary schedules of values needed to fairly and equitably reappraise on a city wide basis at this time and therefore no general reassessment is planned for the near future.

I would like to take this opportunity to thank the taxpayers for their patience and understanding and also, the offices of: the Treasurer, City Clerk, Building Inspector and Data Processing for their cooperation and assistance, and finally to those members of the Board of Civil Authority who worked so diligently and capably this past year.

Report of the Building Inspector/ Zoning Administrator

John J. Kollmer, Building
Inspector/Zoning Administrator

To the Honorable Board of Aldermen
and Citizens of the City of Rutland:

I am pleased to submit to you the Annual Report of the activities of the Building Inspector/Zoning Administrator's office for the Fiscal Year ending June 30, 1991. Without the assistance of the Board of Zoning Adjustment, Planning Commission, Assistant Building Inspector and all other Departments, many of the duties required of us could not be as fully completed. During the course of the year, we conducted 746 Certificate of Occupancy Inspections, and held 16 public hearings for zoning matters.

In addition to assisting the public with issues regarding zoning, subdividing and building, our office issued the following permits:

20 Single Family Homes	1,481,016
3 New Non-residential structures	795,190
88 Residential additions/renovations	768,505
51 Non residential additions/renovations	2,258,380

Laurie Wentworth, John Kollmer, Pamela Petrie

17 New residential garages	85,245
11 Demolition permits	-
38 Sign Permits (\$15.00 per permit)	570
228	5,388,906

In closing, I would like to thank the Mayor, Board of Aldermen and Department Heads for their assistance, along with the residents of our City who continually cooperate with our efforts.

Report of the Zoning Board of Adjustment

Stephanie Lorentz, Chairperson

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

The Zoning Board of Adjustment has again completed another year of fulfilling its duties and responsibilities in upholding the City Ordinances set before us. It is with pleasure that I hereby submit the annual report of the Zoning Board of Adjustment. The members during the fiscal year 1990-1991 included Secretary George Clewes, Vice Chairperson Clifford Giffin, Thomas Shortle, Rick Gorruso, Dr. J. Malcolm McDonald, Lawrence Cole, Dean Lawes and Andrea Hubbard MacLauchlan.

During the course of the year we held 15 public hearings for variance requests, with 5 of those being denied and 10 approved. In addition we heard 4 appeals from decisions of the Zoning Administrator which involved interpre-

tation of the Zoning Ordinances.

Our obligations include determining whether or not the statutory five criteria were satisfied following a request for a variance. Public hearings are warned to give advance notice to the public to participate in the hearing. In addition to holding public hearings, we investigate and make determinations on discrepancies of the Zoning Ordinances that come through the Zoning Administrators office and interpret the Zoning Ordinances as written.

In closing, I would like to thank the residents of the City of Rutland for their active participation in the public hearing process, the Zoning Administrator and the Mayor for their continued support of our efforts.

Report of the Office of Community Development

Thomas L. Donahue, Director

To the Citizens of Rutland:

The City of Rutland has certainly had its ups and downs in the past year. However in comparison to the rest of the State I believe we have had more ups than downs. In these difficult economic times we have moved forward bullishly and our efforts are paying off. The Mayor, Rutland Redevelopment Authority and Office of Community Development continue to pursue development of the Rutland Shopping Plaza. Every day that goes by it seems that we get a little closer to bringing in the bulldozers. This development combined with the proposed new state office complex will pump millions of needed construction dollars and numerous jobs into the local economy. I am pleased to say that the federal appropriation request generated from this office to U.S. Senator Patrick Leahy for \$1.5 million in H.U.D. funds was approved by Congress. This money is earmarked for infrastructure improvements to the Rutland Shopping Plaza, specifically to extend Washington Street through the Plaza to connect with an extension of Spruce Street and the old Furnace road which will complete a North/South East/West loop in and around the plaza including water lines, sewer lines, etc. and a new public park at the front of the plaza. U.S. Senator Leahy was also instrumental in obtaining \$200,000 in U.M.P.T.A. funds for the Marble Valley Regional Transit District otherwise known as "The Bus". These funds will be used to purchase a new bus and bus shelters for Rutland County. In particular the shelters will be used in downtown Rutland and provide another funded piece of the downtown puzzle. With the Special Benefit District in place the Rutland Partnership Inc. has had its hands full dressing up and promoting downtown. Dick Courcelle, the District Manager has had his nose to the grindstone and I believe is making some significant progress. If the success of the Killington Stage Race this year was any indication then the fruits of all his labor should be forthcoming. Another completed piece of the downtown redevelopment is the fine job done on State Street. That project turned out every bit as good as anticipated. Thanks to City Engineer Ben Connor for mak-

ing it happen. The Rutland City Board of Aldermen adopted the City Master Plan completed by the Planning Commission. Subsequently the plan has received the formal approval of the Rutland Regional Planning Commission under Act 200. I am proud to say that we have the first regionally approved plan in Rutland County and one of only a hand full state wide. All other plans in the County will be required to be compatible with the City's. Additionally our plan as approved will carry more weight with state agencies and in regulatory processes such as Act 250. Most importantly it will allow us to adequately plan for our community's future.

Also this office, in conjunction with the Planning Commission has begun a Trails and Greenway plan for some of the open space in the City, much of which cannot be developed for any other reason. Surprisingly enough trails for hiking, biking and canoe launch areas, etc. are abundant throughout the city and into the town. We hope to complete the plan this year with the understanding that grant funds for this type of project may be available next year. It would certainly be a fine public improvement project and a healthy one too.

This past year we have moved ahead with our planned highway improvements. All final applications have been submitted for Preliminary Engineering work for Routes 4 & 7 in the City and a study of a link between State Street and Woodstock Avenue. Most importantly though a Request for Proposal has gone out for the Environmental Impact Study of the proposed Bypass. The region has come together on this issue and even the town of Rutland has come to the conclusion that a bypass is needed. With the new level of information that the EIS will provide us we should be able to make a reasonable decision as to its location.

Another City effort worth mentioning has been the plan for restructuring the Technical Education Program at Stafford. Alderman Arthur Crowley has been the driving force behind what has turned out to be a statewide effort which includes officials and business leaders too nu-

merous to mention. The Stafford Technical Center will be governed regionally by all sending school districts in an effort to bolster the sagging enrollment. With this new governance comes a proposed Commissioner of Technical Education to oversee a complete restructuring of our technical Education Program. The goal is to provide students with marketable labor skills that meet today's industry needs and standards. The first piece of this puzzle will be completed with the introduction of the J. Walter Herlihy Work/Learn program at General Electric. For one semester students will have the opportunity to learn machine trades in the morning at G.E. and applied academics in the afternoon at the Stafford Technical Center. I am pleased to say that I was successful in landing a \$12,500 Project Development Grant from the Vermont Community Development Program in Montpelier to help underwrite the cost of this project. One other program I was able to help with grant funds was the Bennington Rutland Opportunity Council's long term family shelter located in Rutland called HOST. Over the last

two years the State's Emergency Shelter Grants Program has awarded the City \$23,075 to help underwrite the cost of this worthwhile facility. The problem of homelessness in Rutland is one we cannot ignore particularly when families are involved.

Over the past year I have served on the Board of Directors of the Southern Vermont Development Council, Rutland West Neighborhood Housing Service and First Night Rutland. I have also served on committees and sub-committees too numerous to mention here. However, I would like to mention the terrific support I have received from Mayor Jeffrey Wennberg in pursuing my agenda and that of the City's. I would also like to thank the Board of Aldermen and Board President Patricia Donnelly, Henry Brislin the Chairman of the Community Development Committee, and of course Marianne Coombs and the Rutland City Planning Commission.

As we look forward to celebrating the 100th birthday of the City of Rutland in 1992, we certainly have a lot to be proud of.

Report of the City Attorney

Frank H. Zetelski, City Attorney

To the Honorable City Council and
the Citizens of the City of Rutland

I hereby submit the Annual Report of the City Attorney for the fiscal year July 1, 1990 through June 30, 1991.

The office of the City Attorney has, as expected, been extremely busy dealing with the legal affairs of the City of Rutland. I have also devoted significant time in advising various City officials, Boards and citizens of the City, plus there have been a number of ordinances drafted by this office at the request of the Board of Aldermen or the Mayor.

This year has been particularly challenging due to the start up of the Downtown Special Tax District which brought with it a number of issues that needed to be handled as the progress of that district continued. The revitalization of the downtown area has required attention of this office in providing legal guidance to the Redevelopment Authority and the various other entities involved in the downtown revitalization. That work will of course continue through the foreseeable future as the actual revitalization occurs.

The office has also been involved during the period of this report in negotiating agreements with the three City Unions. While two agreements were not reached prior to the expiration

of the fiscal year, the Fire Department Agreement was executed and, it is evident that the other two agreements will be executed.

The office has also, of course, been involved in the various matters of litigation in which the City has been involved. We will continue to aggressively defend the City and prosecute cases when necessary for the benefit of the City and its residents.

I would especially convey my thanks to the Department Heads, Board members of all Boards, citizens, the Mayor and members of the legal community for all the assistance and courtesy which has been extended to this office and it is my sincere desire that I can return that courtesy and assistance during the coming year.

Office of the City Clerk

Rosemary F. Finley, C.M.C.,
City Clerk

To the Citizens of the City of Rutland:

The following is the annual report for the office
of the City Clerk

LAND RECORDS

7,178 pages of land records were recorded and microfilmed. A project to refile and computerize indexing of plats and condominium plans is now underway. This will eliminate the use of large heavy map books and make retrieval more efficient.

LICENSES

Licenses issued to date for the current license year which started May 1, 1991, are as follows:

- 53 First Class Beverage Licenses
- 41 Second Class Beverage Licenses
- 23 Entertainment Permits
- 1,188 Dog Licenses
- 221 Rutland City Business Licenses as follows:
 - 1 Bowling Alley
 - 2 Circus
 - 22 Coin Machine
 - 1 Fair
 - 1 Fair Concessions Blanket License
 - 6 Mobile Home Park
 - 9 Motel, Hotel, Inn
 - 16 Peddler
 - 22 Pool Room
 - 96 Restaurant/Deli
 - 24 Retail Meat
 - 8 Solicitor-Charitable/Educational
 - 7 Taxi
 - 2 Theater
 - 1 Transient Merchant
 - 2 Wholesale Meat

VITAL RECORDS (Calendar Year 1990)

Births		
Resident Births	288	
Non-resident Births	590	
Total Births		878
Deaths		
Resident Deaths	233	
Non-resident Deaths	310	
Total Deaths		543
Marriages	178	

VAULT RESEARCH

During the year 2,411 persons signed in to use the City Clerk's vault to research land records, vital statistics, Aldermanic minutes, etc.

ELECTIONS

Three elections were conducted during the fiscal year: the September 1990 Primary Election, the November 1990 General Election and the March 1991 Annual City Election.

CHARTER AMENDMENTS

At the March 5, 1991, Annual City Election the voters of the City of Rutland adopted 21 of 24 proposed Charter Amendment Proposals. The amendments were then approved by the State Legislature and became effective. The amendments included many housekeeping items as well as changes that: eliminated the elected position of Constable/Tax Collector; made the job of Purchasing Agent a staff position; deleted the appointed Auditors and requires the City be audited by a professional auditor; allows the City to bid jointly with the School Department and participate in Vermont State bids; revamped the Traffic Court; provides that disciplinary procedures comply with applicable laws; eliminated conflicts with State Statutes; and adopted tax penalty provisions previously approved by the voters.

The City Clerk's Office operated with one less permanent staff member during this fiscal year. We did take advantage of a Vermont Associates program which provides temporary

part-time assistance. We are very grateful to Ruth Duncan, Arlene Baldwin and Lois Bassett for the assistance they provided under this program and to Fred Bones of Vermont Associates for coordinating this program to the mutual benefit of the participants and the City.

I thank Mayor Wennberg and the Board of

Aldermen for their continued support in the computerization of this office. This on-going effort is producing results that are appreciated by the office staff, other departments and officials and the general public. Thank you, also, to all City Department Heads and employees for their continued cooperation and assistance.

Report of the Purchasing Agent

Rosemary F. Finley, Purchasing Agent

Susan O. Eckhardt, Assistant Purchasing Agent

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

Fiscal year 1991 has been very busy striving to reach the purchasing goal of buying the highest quality products, having them delivered when and where they are needed, at the lowest price. Purchasing's function is to assist departments in spending their budgeted money in the most efficient manner. Increasing vendor participation and competition, and centralizing the bidding process, has created better buying opportunities.

This year, the Purchasing Office approved 3100 Purchase Orders. Of those, 39% were Department of Public Works, 25% were Recreation Department, 13% were Fire Department, 12% were Police Department, and the remaining 10% were all other departments. The department also issued Invitations to Bid for 97 different items ranging from Acetylene to Zinc Orthophosphate.

At the March 1991 Annual City Election, Rutland City voters approved changes to the City Charter which authorize joint purchasing with the School Department; participation in the Vermont State bid process; and a change in the Purchasing Agent's position from a political appointment to a regular staff position.

As a result, a cooperative effort with the School Department to purchase similar items has been successful. The items purchased jointly this year were No. 2 Fuel Oil, Propane, Kerosene, Typewriter Maintenance, and Photo Copier Contracts.

Participation in the State of Vermont Purchasing bid process has saved a considerable amount of money when buying such items as Police Cars, tires, lightbulbs, and office furniture. We expect to broaden the list for fiscal year 1992 to include road salt and cold patch and other highway materials.

To encourage environmental responsibility, the City buys recycled copier paper, letterhead, and envelopes, as well as some note pads. Our recycled paper suppliers are encouraging buyers to use unbleached paper products because of the harm the bleach does to the environment. Purchasing is trying to create a demand for such products.

Through networking, a portion of the recycling information distributed to us is from the State of Vermont Purchasing Office, which is very active in recycling. Networking and other benefits, such as training programs, and availability of literature and software, is also provided through the National Association of Purchasing Managers and the Purchasing Managers Association of Vermont. Assistant P.A. Eckhardt is a member of both organizations and is the current PMAV Director at Large.

We would like to thank Mayor Wennberg and the Board of Aldermen for their continued interest and support of more progressive financial management, the department heads and personnel for their constant cooperation, assistance, and input, and Bob Fingon the Rutland Public School Business Manager for his interest and assistance in the cooperative purchasing effort.

Constable and Tax Collector Report

Vernon Richards, Constable and Tax Collector

To the Honorable Board of Aldermen and the City of Rutland:

As City Constable and Tax Collector of the City of Rutland, I am pleased to submit for your consideration the financial report of this office for the period July 1, 1990 to June 30, 1991.

Real Estate and personal property taxes collected during the period amounted to \$622,491.53.

General bills include water and sewer installations done by the City, sidewalk and curb improvements, tree removals and other expenses totaled \$1,897.51.

Water and sewer assessments amounted to \$106,829.56.

The cumulative total for all monies collected by this office for this period was \$731,218.60.

May I take this opportunity to thank sincerely the Honorable Mayor, City Attorney, other City officials and employees for their cooperative efforts during the past year.

Emergency Management Report

Aldo M. Manfredi, Director, Emergency Management

To the Honorable City Council and Citizens of Rutland:

I respectfully submit the Annual Report for the Emergency Management Department for the year ending June 30, 1991.

During the past year the activities of this department were attended to with assistance from the various City Departments and organizations attached to it. These activities included general alarm fires to which I responded and with the assistance from the local Red Cross we were able to relocate or give other help to the victims.

I taught an Emergency Management course to local troop 105 of the Boy Scouts to help them achieve a merit badge in Emergency Planning.

The Local Emergency Planning Committee met many times during the past year to finalize the District 2 Hazardous Materials Plan for Rutland County. The final plan was accepted by the State Emergency Response Commission at their October meeting.

In cooperation with Operations Lifesaver a railroad course dealing with hazardous material railroad tank or box cars was given to fire, police and emergency responders in October with 38 people in attendance. The response to this course was such that another course is scheduled for this September.

As representative to the Regional Ambulance Service I attended the monthly meetings and can report that all is going well for this worth-

while service. With the operation of the paramedic program now in this agency this too is going along very smoothly.

The Adult School Crossing Guard program is continuing to go smoothly and there are still openings for people who would like to help school students cross intersections safely. This year I lost three guards in the program and hopefully I will have replacements for them in time for the school year.

The Mayor's Fuel Fund which is funded by the Rutland Council of Churches was again a success and it seems with the cuts in Federal Funding that more families took advantage of this program.

The Departmental safety program is administered by me with a group of representatives from the various city departments. We continue to strive for safety in the workplace. This past year saw a slight decrease in accidents/injuries from the previous year.

In closing I wish to extend my sincere appreciation and thanks to the Mayor, the Board of Aldermen, department heads, volunteers and the State Emergency Management Staff for their help this past year, for without their assistance it would be difficult for this department to accomplish its mission.

Fire Department

Gerald T. Lloyd, Chief Engineer

To The Honorable Board of Aldermen and Citizens of the City of Rutland

I respectfully submit the annual report for the Rutland City Fire Department for the fiscal year June 30, 1990 to July 1, 1991.

During the past year, this department has responded to 506 emergency fire calls, 670 rescue/paramedic calls, 249 citizens assistance calls and 53 situations involving hazardous materials problems.

We responded to one general alarm at 208 Columbian Ave. that was located in a seven unit apartment dwelling. The fire originated in a living area located on the first floor and spread directly to the living area over the room of origin. The fire was contained to the first and second floor apartments but there was heavy smoke and heat damage throughout the structure. At the time of the arrival of this department, the structure was still occupied and it was necessary to evacuate five occupants of this building. There were no injuries to the residents of the building or members of this department.

During the past year, this department has continued its training program to insure that all members of this agency maintain their certifications as required by the Vermont Training Council.

The Vermont State Firefighters Association has selected the City of Rutland to host the 103rd Annual State Firefighters Conference/Convention to be held on July 31, August 1, 2, 1992. The conference/convention will be hosted by the members of the Rutland County Firefighters Association. The Holiday Inn located on South Main Street has been designated as

the convention headquarters. The City of Rutland was chosen to host this gala event as part of the ongoing Centennial celebration that is scheduled to take place throughout 1992.

The Board of Aldermen has authorized this department to replace Engine 2, a 1969 Maxim that has been in service with this department for the past 22 years. Specifications for the replacement of this vehicle were drafted and the Supthen Corporation was the successful low bidder to construct a replacement vehicle. This front-line emergency vehicle will be a 2000 gallon per minute self contained unit with a 1000 gallon water storage tank and a 5" water supply line. The vehicle will be one of the most modern and efficient firefighting emergency unit in the New England area and should greatly improve the firefighting capabilities of this department. The anticipated date for delivery of this vehicle is April of 1992.

Once again, this department wishes to thank the American Legion Post 31 for its recent generous contribution in the amount of \$1000 that will be used to purchase technical equipment to assist members of this department in neutralizing hazardous materials emergencies. This contribution was made in the name of the late Chief Alfred H. Koltonski and is greatly appreciated by the members of this organization.

I wish to thank the members of this department, Mayor Jeffrey Wennberg, members of the City Council and the department heads for the assistance and cooperation during the past year.

Grand Juror/Assistant City Attorney

Christopher P. Sullivan, City Grand Juror/Assistant City Attorney

To the Board of Aldermen and Citizens of the City of Rutland

The City Grand Juror has assisted in the collection of parking fines which amounted to \$68,107.75 for the fiscal year ending June 30, 1991. However, the Charter has been revised and the Grand Juror will no longer be prosecuting parking violations. Parking violations will be handled administratively. Criminal fines collected were \$21,595.77.

A new Municipal Plan is now a reality. Over the past several years, this office has assisted the Planning Commission and Board of Aldermen with the new Municipal Plan. Further, regarding the Regional Planning process, this office was appointed to assist the Regional Commission with its endeavor to amend its Regional Plan, which process is continuing.

Now that the Municipal Plan has been adopted by the Board of Aldermen and approved as an Act 200 Plan by the Regional Commission, this office along with the City Attorney and Community Development Director, will be assisting the Planning Commission as well as the Board of Aldermen with drafting and implementing new Zoning By-Laws.

In addition to the duties as Grand Juror, this office as Assistant City Attorney has continued to advise and counsel the Board of Aldermen,

Board of Civil Authority, Planning Commission, Board of Liquor Control Commissioners and the committees thereof as well as many administrative committees. This office along with the City Attorney, split duties regarding the Zoning Board of Adjustment and variance appeals.

Further, this office continues its efforts regarding enforcement of local ordinances. To help with this increased enforcement, the recodification of the local ordinance and charter continues as well. This process involves the revision of the ordinances and charter for better control of local issues. This recodification will update and correct any ambiguities, vagueness and inconsistencies within the ordinances and some charter provisions and will enable this office to enforce those situations that are now difficult to prosecute because of such ambiguities, vagueness and inconsistencies.

Again, I have enjoyed yet another year and look forward to this coming year and its challenges.

Thanks are due to each member of the Board of Aldermen, Mayor Wennberg, all City Department heads and the City Clerk's and Treasurer's offices for their support and assistance.

Health Officer

Pamela J. Petrie, Health Officer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I hereby submit the annual report of the Health Officer for the fiscal year ending June 30, 1991.

The Board of Health consists of Robert Beauchamp, R.Ph., Ernest Bove, M.D. and Gordon B. Smith, M.D. This board acts in a supportive role by assisting and advising the Health Officer in matters regarding public health.

Throughout the year both the Health Officer and the Board of Health have maintained close supervision over the weekly testing of City water, with the cooperation of the water treatment manager. The Board has also been reviewing health ordinances and closely monitoring the potential opening of the Rutland Resource Recovery Center.

In addition to investigating numerous public health complaints, the Health Officer has assisted the Vermont Departments of Health with investigations in our area, and has issued a number of citations to violators of City Health Ordinances. All of the above is done to help

alleviate problems which may either potentially transmit communicable diseases or pose a health threat to the citizens.

I would like to thank Mayor Wennberg, the Board of Aldermen, all City Department Heads and personnel for their continued support. In closing, I would like to also thank the concerned citizens of this city for their assistance, cooperation and support, for without their help, many of the health issues would go unresolved.

Milk Inspector

Pamela J. Petrie, Milk Inspector

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I respectfully submit the annual report of the Milk Inspector for the fiscal year ending June 30, 1991.

The Milk Inspector is responsible for licensing annually all businesses in the City of Rutland which process or sell milk or milk products. As most of our milk producers are located

outside of the city limits, we have been fortunate to obtain the necessary testing reports on these milk products determining that they meet all state requirements.

125 annual milk licenses were issued and 24 milk licenses issued at the Rutland Fair, with no problems being reported.

Marianne Coombs, Chairman, Carolyn Baker, Vice-Chairman, Shirley Birt, Nancy Beauchamp, Rick Gorruso, Austin Burbank, Bernard Haley, Patrick Firliet, Missing Joseph Gallagher

Planning Commission

Marianne R. Coombs, Chair

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

The chief accomplishment of the Planning Commission during the report year was completion of the Municipal Master Plan.

After more revisions last summer as a result of neighborhood planning assembly review, and subsequent public hearings and more revisions, the Plan was finally approved to be passed onto the Aldermen for adoption. Adoption by the Board took place on August 5, 1991. This was the culmination of nearly three years of intensive work by the Planning Commission, community entities and City departments.

The Commission is now preparing to develop proper zoning regulations to implement the Land Use Plan, and is working with the Redevelopment Authority to coordinate efforts for downtown, beginning with the Plaza.

Seven subdivision applications were reviewed this year.

During the year new appointments to the Planning Commission were Joseph Gallagher and Rick Gorruso, replacing John Ruggiero and Tom Orr.

Thanks for the efforts of the members who resigned and welcome to the efforts of Joe and Rick who are already making significant contributions to the commission's business.

One of the recommendations of the Municipal Master Plan is for an open space plan. A committee has been formed consisting of members of the Planning Commission: Joseph Gallagher, Austin Burbank, Pat Firliet, Marianne Coombs. Karen Bossi, Rep. Curt McCormack, Kevin Jones, and Community Development Director Tom Donahue and Helen White, Land Planning Consultant are also working on this plan and even more widespread community involvement is anticipated.

Thanks to all members of the Planning Commission past and present for the amount of their personal time and effort devoted to their City, and to everyone involved in every sector of the City, public and private, for their devotion to the improvement and prosperity of the City of Rutland. It is a pleasure to work with everyone.

Police Department

Robert R. Holmes, Chief of Police

To the Honorable Board of Aldermen
and the Citizens of the City of Rutland:

The annual Report of the Rutland City Police Department for Fiscal Year ending June 30, 1991, is hereby respectfully submitted to Mayor Jeffrey N. Wennberg, the Honorable Board of Aldermen, and the Citizens of the City of Rutland.

Fiscal Year July 1, 1990 through June 30, 1991, was a year of change for the Rutland Police Department.

REORGANIZATION

Effective January 1, 1991, the Department was reorganized. The new table of reorganization is reflected in the chart provided as an addendum to this report.

Ranks were restructured to provide a more efficient and streamlined organization. Each rank is now more representative of the actual authority and responsibility of the position.

Prior to the reorganization, four captain positions were authorized. With the restructuring, one of these positions remained captain and was elevated to Deputy Chief of Police. One of the captains' positions was eliminated and two were reduced to the rank of Lieutenant/Division Commander.

Five of the six previous lieutenant positions were reduced to the rank of Sergeant/Watch and Section Supervisor, and one previous lieutenant position was abolished. All previous sergeant positions were reduced to corporal and the corporal responsibility and authority was increased to include Field Training Officer, Assistant Watch and Section Supervisor, or special assignment.

The reorganization and rank restructuring resulted in an overall decrease of sworn positions from 42 to 37. However, the net effect was a reduction in command positions and an increase from 16 to 18 patrol officer positions. Investigations positions were reduced by one, but this was offset by the addition of a new Investigations secretary position. Clerical work previously was shared among the sworn personnel and is now performed by the secretary.

The total number of civilian positions in the Department was reduced to nine from ten. This

Robert R. Holmes, Chief of Police

was the result of the elimination of the Traffic Court Clerk position within the Police Department. All Traffic Court Clerk duties and responsibilities were transferred to the City Treasurer's Office.

NEW PAY PHILOSOPHY

Along with the reorganization and rank restructure, a new pay philosophy was adopted and implemented. The wage differential between ranks was increased commensurate with the increased responsibility. Additionally, the time required for police officers to reach the maximum salary step was reduced from thirteen to four years. This resulted in a substantial, non-negotiated pay increase for every sworn officer member of the Police Department and provided the Department with a competitive compensation package within the State of Vermont.

POLICE BUILDING REFURBISHED

The second major change which occurred in Fiscal Year 1990-1991 was the refurbishing of the police station. In order to facilitate construction, the Police Department occupied temporary quarters in the Plaza from November, 1990, through February, 1991. The total project cost of remodeling the police station was \$147,000. The new building design allowed the Investigations Division to relocate to the main police building from the Plaza where they had been housed for several years. This was accomplished through improved design which increased the

operational space without expanding the building. The new design also provided improved security for Records, Evidence, Property, and Communications, and a more efficient and improved working environment.

EQUIPMENT

A number of equipment improvements were also accomplished in Fiscal Year 1990-1991. These included refurbishing and/or replacement of office furniture; replacement of the twenty year old radio repeater; conversion from .38 caliber revolvers to 9mm semi-automatic sidearms for all officers; new photo copy machines; and the continued upgrading of the police vehicle fleet.

NEW PROGRAMS

The Rutland City Police Department was one of the first in the State to implement the D.A.R.E. (Drug Awareness and Resistance Education) Program. This program provides for a specially trained police officer (Corporal Edward Larson) to teach D.A.R.E. in the classroom on a regularly scheduled basis in Grades 5 and 6 in all Rutland Schools.

The Department became a user of the Law Enforcement Training Network (L.E.T.N.). This is a closed satellite exclusive law enforcement network that provides continuous training.

An in-service Field Training Officer (F.T.O.) Program was implemented an an F.T.O. Manual developed. This program provides structured fourteen week in-service training for new police recruits and special officers after their graduation from the Vermont Police Academy.

A comprehensive combat firearms training program was implemented with the issue of the new 9mm semi-automatic pistols.

An Assessment Center process for the selection of new employees and promotions within

Deputy Chief Tony Bossi and Administrative Assistant, Cpl. Linda Elrick

the Department was developed and implemented. This was the first Assessment Center Process used in Vermont law enforcement.

In addition to the specific changes itemized above, there were a number of operational policy changes governing officer use of force, pursuit, emergency response, etc., which were developed to increase efficiency of service, improve public safety, and reduce risk of city liability exposure.

The improvements made during Fiscal Year 1990-1991 could not have been achieved without the support and cooperation of the members of the Department, the Police Commission, the Mayor, and the Board of Aldermen. For all of their support and confidence, I am extremely grateful. I would also like to express my heartfelt thanks to Dr. Edward K. Reiman who volunteered his services as Rutland's first Police Commission Chairman from April, 1988, through April, 1991.

Department of Public Works

Robert J. Navin, Commissioner of Public Works

To the Honorable Board of Aldermen, and the Citizens of the City of Rutland

I hereby submit the annual report of the activities of the Department of Public Works for Fiscal Year 1990-91.

The Department of Public Works provides a variety of basic services to the Citizens of Rutland. Among them are day to day maintenance of City Streets, Sewer Collection Mains and Water Distribution Mains, the Wastewater Treatment Plant, the area comprising the City's Watershed and the Water Treatment Plant. In addition, the Department responds to citizen complaints on a daily basis and emergency situations on a 24 hour basis. Citizens are reminded to contact the Police Department for emergency situations when the Department's business office is closed.

A special note of thanks is extended to the Public Works employees, Mayor, Board of Aldermen and Citizens of Rutland who have assisted the department.

The Department of Public Works should and will continue to serve the Citizens of the City of Rutland to the best of its ability.

ENGINEERING

Warren E. Conner, City Engineer
Alan Shelvey, Asst. City Engineer

The Engineering staff under the direction of City Engineer, Warren E. Conner, provides survey, design, and other engineering services for all divisions of the Department and for other departments within the City government.

As part of these services, the Engineering Division compiles and constantly updates plans and records of the water distribution system, the water treatment system including records, and inspections of all sewer systems in the city's watershed, the sewer collection system, the sewage treatment plant, the City's street system and the City's sanitary landfill. In addition, the Division reviews all development in the City's watershed. The Division also reviews and oversees water and sewer designs and specifications for projects let out for bid, and for streets utilities built by developers which are to be taken over by the city upon completion.

Major projects for the Division this past fiscal year: Reconstruction of the entire length of State St. including new water and sewer lines and storm sewer separation; a new 12" water main between Clement Road and Campbell Road; a pilot plant for a slow sand water filtration plant (a water filtration plant is a requirement for the City under recently passed EPA regulations) phosphorus removal facilities at the wastewater treatment plant, certification of a sewage sludge recycling sites and final closure of the City's landfill.

Major developments reviewed and/or inspected by the Division: Howe Center, Moon Brook Drive, Marilon Acres, Shepard Lane, Stone Ridge and Albert Cree Drive.

The Division also provides information to contractors and others concerning location of City utilities, performs all traffic engineering functions for the City, prepares necessary easements and executes other duties of an engineering nature as required.

The Engineering Staff consists of Warren Conner, Alan Shelvey, John Havens and Scott Taggart.

CITY FOREST AND CITY ORNAMENTAL TREES

David Richards, City Forester

The City Forester is in charge of all forestry work including management of the city's ornamental trees and the 4,000 acres of the city forest in the watershed.

The sale of all timber on the Rutland City Municipal Forest is carried out under approved watershed management practices to provide a regulated harvest of timber products and to protect and insure maximum sustained yields of usable water. Timber sales include sawlogs, firewood and pulpwood. Sales are marked out so as to improve the timber stand which remains while providing income for the City. Trees over 6" in diameter at breast height which do not promise to develop into sawtimber quality stems are removed. Large straight trees are left to be-

come more valuable and to provide genetically superior seedlings.

The Vo-Tech School's forestry program continues to use the Rutland City Forest to train students in logging techniques. They are currently working on a firewood sale on watershed land.

The dumping of trash on the watershed has become a major problem in recent years. Last Fiscal Year eight (8) heavy duty metal gates were installed to block off access from the Wheelerville Road on to logging truck roads. This Fiscal Year four (4) more gates were installed.

Our Department still has to patrol the Wheelerville Road to pick up papers, bottles and other trash from along the Wheelerville Road.

A large (10' X 6') City watershed sign was installed at the entrance to Wheelerville Road and (18" X 24") signs were put in on the Wheelerville Road to inform people the area is a watershed.

Under the City's ornamental tree program we have tried to maintain the beauty of our City by properly caring for our trees. This includes removal of dead and dying trees, removal of dead limbs, installing metal cables or metal rods to prevent splitting, removing low hanging limbs for street and sidewalk clearance, fertilizing trees and planting new trees.

During the Fiscal Year 25 trees were removed, 137 trees were planted and 427 trees received tree maintenance listed above.

We contracted with six (6) different tree services during the year to do the variety of tree work listed above.

STREETS DIVISION

Paul Julius, Foreman

HOT MIX BITUMINOUS CONCRETE PAVING PROGRAM:

4,919.86 tons of paving was put in place by Pike Industries at a cost of \$132,000.00.

Hot mixing patching done by Streets Personnel was 160 tons.

Streets paved (or portions of) were: Emeritus St., Eastview Ct., Edgewood Ave., Hillcrest Dr., Thrall Ave., Westview Ct., Pierpoint Ave., Robinwood Ln., Woodland Dr., Stratton Rd., Ronaldo Ct., Killington Ave., E. Washington St., Terrill St., Crescent St., Park St., Adams St., Willow St., Perkins Rd., West St., Allen St.

The Department installed approximately 2,612 feet of concrete sidewalks and 810 ft. of concrete curbs.

The Department repaired 130 ft. of concrete sidewalks and 150 ft. of concrete curbs.

Department Personnel responded to calls from the Rutland City Police by filling holes, small repairs, tree removal, planting trees and storm damage.

SNOW AND ICE REMOVAL:

A total of 2,071.25 tons of salt and 1,380.67 tons of sand were purchased costing \$85,887.43.

WASTEWATER TREATMENT DIVISION

Lewis Hotaling, Chief Operator
Mike Garofano, Lab Director

The following is a report of the Wastewater Treatment Plant for fiscal year 1990-91.

During this year the Rutland City Wastewater Treatment Plant received, treated, and released 1,943,400,000 gallons of wastewater.

To operate the plant, and meet the conditions of our discharge permit, the following products were used:

- Electricity	1,491,000 KW
- Chlorine	53,085 lbs.
- Sulfur Dioxide	42,475 lbs.
- Polymer	4,064 gal.

Rutland County septic haulers deposited 1,128,000 gallons of septic tank waste for treatment.

In the course of treating the wastewater the treatment process produced the following by-products in raw form:

Grit, Sand & Gravel	209 cu. yds.
Primary Sludge	7,191,488 gal.
Secondary Sludge	13,255,864 gal.
Grease & Fats	25,000 gal.
Methane Gas	10,124,060 cu. ft.

All of the sludge, grease and fats were treated and stabilized by the anaerobic digestion process which in turn produced the methane gas. The methane is burned in a boiler to produce energy to keep the digesters operating. The stabilized sludge was reduced to a volume of 3,021 cu. yds.

Continuing education is paying off. Three of our operators have successfully passed State Certification Upgrade exams. Gregg Casey and Arthur Nemeth have passed the Vermont Grade 4 exams and Daren Alberico passed the Grade 3 exam. These three men have worked very hard to achieve these goals.

For the second year in a row, a team of four operators from the Rutland Area including Ed Savage, Mike Garofano and Art Nemeth all from the Rutland City Wastewater Treatment Plant and Jim Jutras, the Chief Operator of the Essex Junction Wastewater Treatment Plant who lives in Rutland entered the Vermont Operators Challenge competition. This event is sponsored by the Green Mountain Water Pollution Control Association. The Rutland team won this contest which was held at the White River Junction treatment plant on May 18, 1991. In June the team traveled to Fallmouth, MA to compete against the state champions from the rest of the New England States where they were again victorious for the second year running. In October they will compete against the rest of the country at the National competition in Toronto, Canada. We are very proud of this team of operators and we wish them well in Toronto this fall.

To those who contributed to another successful year of operation at the plant, we extend our sincere appreciation for your support.

WASTEWATER COLLECTION BRANCH

James Ward, Chief
Peter Kelley, Foreman

The Wastewater Collection Branch is the newest and smallest division of the Public Works Department, being in its 5th year. The division completed the following work for fiscal year 1990-91 with the following employees:

Sewer Specialists:

Tyler Earle
Robert T. Tyler, Sr.
Steve Davine
Fred Wood

Backhoe Operator:

William Santwire
Tom Brown

The following lists the major activities of the Department:

Cleaning sewer systems and cleaning basins with Vactor. Plowing snow and sanding for the Street Department. New catch basins—47; repair sanitary mains—19; new manholes—10; repair sewer services—6; repair catch basins—9; repair manholes—10; culvert extensions—1; relay sewers—1; responded to sewer problems—90.

Installation of the following footage of PVC pipe for new storm sewers:

700' of 12" PVC pipe on Hillcrest Road; 216' of 8" PVC pipe on Woodland Drive; 247' of 10" PVC pipe on Robinwood Lane; 311' of 8" PVC pipe for Recreation Dept at Rotary Field.

Installation of the following footage of PVC pipe for sanitary sewers:

30' of 8" PVC pipe on Lincoln Ave.; 198' of 8" PVC pipe on Strongs Ave.; 9' of 6" PVC pipe on Granger St.; 204' of 18" PVC pipe on Willow St.; 13' of 8" PVC pipe at the Longfellow Administration Bldg., School Dept.

Installing of the following footage of PVC pipe for culvert extension:

26' of 10" PVC pipe on Dorr Drive.

WATER DISTRIBUTION DIVISION

Bruce Matt, Manager
Robert Harvey, Foreman

Comparative figures for the past three years work programs are:

	88-89	89-90	90-91
Main Ext.	750'		
New Hydrants	16	18	12
Hydrants Repaired	25	37	23
New Service	23	21	1
Relay Services/Repairs	53	34	35
Curb Boxes	25	60	67
Curb Boxes Replaced			28
New Meters	187	102	82
Repair Mains	18	24	11
Install Valves	5	4	3
Replace Meters	62	149	183
Repaired Meters		166	80

BAXTER-LIBRARY-PINE-PROJECT

Between July 2 and October 15, 1990 the Water Department discontinued older 3" water mains and cut over and transferred approximately 25 customers to larger 12, 8 and 6" water mains, upgrading water quality and pressure in these areas.

On May 15 and 16, 1991 a major 20" water line supplying water from the City Watershed to the Reservoir was taken out of service for needed repairs and work completed within a 24 hour period.

FIRE HYDRANTS

The entire Fire Protection System of approximately 350 hydrants are flushed twice a year to ensure ease of operation and flow condition. During the winter months the entire system is

again checked against water infiltration and possible freeze ups.

There are approximately 5,000 metered service customers that must be read quarterly with associated re-checks and billing complaints to be personally handled.

Many thanks to Water Department Personnel that daily handle the above water related services for the City of Rutland and more.

Rutland Recreation & Parks Department

John W. Cioffredi, Superintendent

To the Honorable City Council and Citizens of Rutland:

I respectfully submit our Annual Report of events and activities, sponsored by our Department for fiscal year ending June 30, 1991.

FACILITIES

Edwin W. Lawrence Recreation Center
86 Center St., Box 791 / Phone #773-1822
Department Offices, Meeting Rooms, and Gymnasium.

Godnick Senior/Adult Center
Off Deer St. Phone #773-1853
Meeting Rooms, Craft Room, Meal Site.
Park Area: Shuffleboard Courts, Horseshoe Pits, Gazebo & Picnic Area.

Giorgetti Park
Located at Giorgetti Park
2 Basketball Courts, 2 Paddleball Ct., 1 Baseball Field, 1 Softball Field, Nature trails & Ice Skating Rink.

Monsignor Connor Park – Meadow St.
2 Lighted Basketball Courts, 3 Lighted Tennis Courts, 1 Wading Pool, 2 Softball Fields & Playground Equipment.

John W. Cioffredi Park
Located off Temple Street
2 Softball Fields.

White Memorial Park – Off Avenue B
Swimming & Wading Pools, Playground Equipment, 1 Ball Field, 5 Tennis Courts, 2 Platform Tennis Courts & 2 Basketball Courts.

Rotary Park – Off North Street
4 Tennis Courts, Field House, Playground Equipment, 2 Basketball Courts, Lighted Softball Field & 2 Handball Walls.

Mini Parks – Designed for Tiny Tots
Locations:

Corner of River St. & Meadow St.
Corner of Madison & Prospect Sts.

Main St. Park – Corner RT #7 & RT #4
Gazebo, Benches & Picnic Area.

Center St. Alley Park – Downtown
Waterfall, Benches & Picnic Area with Summer Concerts and Performances.

Depot Park – Downtown
Bench Area and Farmer's Market location on Wednesday's & Saturday's during summer.

Alexander Keefe Memorial Park – On Water Street

YOUTH ACTIVITIES FOR FALL & WINTER

Children's Play Group	Parent/Child
Tot Turkey Trot/Trike Race	Ages 3-8
Adventures of Tom Turkey	Ages 3-5
Painting & Drawing	Grs. 4-8
Saturday Craft Classes	Grs. K-up
Beginning Pottery	Grs. 1-6
Magic of Mother Goose	Ages 3-5
Mostly Me	Ages 3-5
Mom & Me Craft Classes	Ages 3&4
One Day Craft Workshops	Grs. 3-5
Halloween Ghost – Door Decorating	
Thanksgiving Centerpiece	
Gingerbread House	
Mom & Baby Exercise	Ages 1-8 Months
Gymnastics	Ages 6-12
Totnastics	Ages 3-5
After School Computer Camp	Grs. 9-12
Flag Football	Gr. 5/6 & 7/8
Fall Soccer Program	Grades 1-4
Indoor Soccer	Grades 3-6
Flag Football	Grades 7-8
Intramural Basketball	Jr. High
Basketball	Grades 5-8
Basketball Instruction	Grades 3-4
Girl's Basketball Camp	Grades 5-6
After School Program	Grades 4-6
Ice Skating Lessons	Ages 6-17
Skating Pizza Party	Youths
Volleyball	Grades 9-12

SPECIAL EVENTS

Programs Run in Conjunction with the Rutland Free Library at the Lawrence Recreation Center for ages 4 and up.

Michael Wald – Sept. 22
Comedian, Mime & Magician

Ha' Penney Story Theater – Oct. 13
Humor & instrumental demonstrations.

The Singing Stone—Nov. 10

The story is based on an Indian Legend in which a young girl attempts to save her people's sacred mountain.

Judith Witters—Dec. 15

Storyteller, four delightful Christmas Tales.

Michael Zerphy—Jan. 19

Mime, Masks and Puppets.

Bennington Marionette's—Feb. 9

Present "Hansel & Gretel"

Figures of Speech Theater—March 9

"Norse Side Story"

Slide Show—Indians of the SW

Boating Safety Course

Flower Arranging Course

Aerobics—morning & evening

Body Toning & Conditioning

Adult Volleyball Leagues

Great Shape

Square Dancing

Indoor Walking Program

Open Gym at Rutland High School

Leprechaun Sprint Road Race

Ice Skating Lessons

Art in the Park in October

Halloween Events

Our "31st Halloween Parade" was held October 31. Included was "The O'lantern Contest", trophies for float, school and costume entries, ending with a party at the Loyal Order of Moose Club. April Sherman a Sr. at MRUHS was chosen "Pumpkin Princess" from area high schools. A party for grades K-4 was held at the Recreation Center featuring a Children's Theater "The Fire Ghost" a "Haunted Mansion", costume parade, prizes and refreshments. There was a Halloween Costume Dance for Jr. High Students and a Haunted Hobgoblin Hike for family fun held at Giorgetti Park.

Christmas Events

Ice Cream Social with Mr. & Mrs. Claus—for children age 3-5. Ice Cream was donated by Ben & Jerry's.

"Santa Phone Calls"—Dec. 19 & 20. A direct line to the "North Pole."

Holiday Childcare—Dec. 5, 13, 15 & 22. While Mom & Dad shopped or wrapped during the busy Holiday Season. For children ages 2 & up.

"Tree Trimming in Depot Park"—For all students in grades 1-6, make your own ornaments and join the Mayor for tree trimming & lighting.

ADULT ACTIVITIES FOR FALL & WINTER

Knitting Course—All levels

Broadway Singers of Rutland

"Our Town Series" presented in conjunction with the Historical Society featuring conversations about our town & its origins.

Spring and Summer Activities

Playgrounds and Sport Camps

White Swimming Pool

Opened for the Season, Saturday, June 16, 1990. Lessons were offered in the following categories: Beginner, Advanced Beginner, Intermediate I and II, Advanced Swimmer, Basic Rescue and Water Safety and Advanced Lifesaving. Three-3 week sessions of lessons were offered. The City Swim Team, under the direction of Kevin Stanley, competed throughout the State. The City Swimming Championships were held June 25.

SPECIAL POOL ACTIVITIES

"Family Fun in the Sun" – Sat., June 27 from 1-4 PM. Z97 FM, and Wackiest swim suit contest.

"Family Picnic & Fun Night" – Thur., July 26, 5:30-8:00 PM. HOT DOGS & SODA served. DJ on hand!

"Pizza & Pool Party" – Thur., July 12, 5:30-8:00 PM. DJ on hand!

"Sunset Summer 1990" – Thurs., Aug. 9, 5:30-8:00 PM. Favorite pool memory/moment contest.

Playground Locations – Supervised 9 AM-Noon

Rotary Park
Msgr. Connor Park
Northeast School
White Park

Creative Playground – Ages 4 & 5

Madison St. Mini Park. Two-2 week sessions

Basketball Camps

Boys Camp – June 17-21

July 2, 3, 5 & 6

Girls Camp:

Grades 5 & 6 – July 2, 3, 5, and 6

Track Camp – Ages 6-9/10-12/13-14

Held at Vo-Tech Track. Two week session

Soccer Camp

Session 1: Ages 7-9 / Session 2: Ages 10-14

Held at Giorgetti Park

Outdoor Adventure Day Camp

Features Hiking and caving

Grades 3 & 4 / 5 & 6 / 7 & 8

Pine Hill Day Camp – Grades 1 thru 8

Held at Giorgetti Park, Four-1 week sessions

Board of School Commissioners

Michael R. Dick, President, Board of School Commissioners

To the Citizens of Rutland City:

The Rutland City Public School System through administrative and Board initiatives and public support will move into the 21st century as a role model of commitment to public education in Vermont. Challenges are being met with a positive attitude towards offering the students of Rutland the best education we can afford.

On November 7, 1989, the voters of Rutland City voted to expend \$8.7 million dollars to build a new high school integrated with the present Stafford Technical Center and to upgrade the existing five elementary buildings as well as to convert the current Library Avenue complex into a grades five through eight middle school. Since the last city report, the City has seen its Act 250 permit for this construction denied. However, the decision has been appealed and a response is anticipated soon.

Educationally, Rutland City is participating in an experimental program in learning and evaluating mathematics and writing skills that some experts believe may revolutionize testing and teaching in the United States. This testing

method involves evaluations of folders of a student's work that is compiled over time, including such components as multi-week investigations of complex math problems and drafts of essays. This type of assessment digs much deeper than the simple true-false and multiple-choice testing that most adults remember from their school days. Advocates say it truly tests a student's ability to think and reason. Business supports this direction of our educational teaching and testing.

The Vermont legislature approved \$148 million for state aid to education, the same as last year. Level funding makes teacher layoffs and other cuts necessary because salaries have risen about 8.3 percent in the last year, health care expenses have jumped, and the cost of heating our schools last winter climbed sharply. The result is that to maintain the quality of education we would like to for our young people, we will need to return to the local taxpayers for additional support.

A community's commitment to a strong educational system reflects on the quality of life

within that community. We feel Rutland City is supportive of the best educational system we can offer and to that end we encourage and

welcome the residents of Rutland to be participatory in developing a strong educational program for our students.

Board of School Commissioners

RUTLAND SCHOOL DEPARTMENT

In accordance with Rutland City Board of Education Policies, a free appropriate public education for all handicapped children is guaranteed. If your child is handicapped, or you know of a handicapped school age child who is not currently being served, please contact the Pupil Personnel Office at 773-1917.

Department of Education

W. Richard Brothers, Superintendent

To the Citizens of Rutland City:

This September, as your city schools opened for student attendance, many significant changes were being introduced. Most of the changes involved the elementary schools which were completely re-organized. Southeast School is serving as the Early Childhood Center, housing all Kindergarten sessions and the EEE program. Dana and Lincoln Schools are each serving grades 1, 2, and 3, while Northeast and Northwest are serving grades 4, 5, and 6. The re-organization essentially changes the city into two large neighborhoods, East and West.

Key to the re-organization plans was the need to increase the number of students transported to school. Careful research revealed a number of companies that are in the business of providing transportation expertise to school districts. We purchased a computer software package and consulting services from a firm located near Albany, New York. That service was instrumental in helping us establish school bus routes successfully transporting approximately 900 students in Grades K-6. Busses are moving students on time and the routes are much shorter than they were before.

As of this writing, the elementary school re-organization has been very successful. Although we know that new problems will arise that need to be solved, we wish to extend a sincere thank you to all school employees, parents and other

community people whose cooperative and collective efforts contributed to the success of this venture.

Yet we must advise all city residents that several challenges still remain to be faced:

1. Financing public education in the city. We have now built two school year budgets on the \$1.05 tax limit accompanied by decreasing or level funded state help. Budget building for 92-93 promises to be much more difficult than last spring when many positions or programs were reduced.

2. Increasing enrollments. Whatever the reasons are, the fact remains that the number of students we are serving are increasing, at all levels. This increases the strain on the city's financial resources.

3. Aging school buildings and space problems. We had expected to be actually building a new high school as of this writing, as a result of the November 1989 bond vote. This project was to be the key to solving classroom space problems. However, the Act 250 permit denial leaves the facilities problem unsolved.

Setting aside all these issues for a moment, you still have good reasons to be proud of your city schools. The teachers, principals, aides, custodians, secretaries, bus drivers, indeed all school employees that work for you, are continually striving to make our schools better.

Marble Valley Regional Transit District, "The Bus" 1990-91 Annual Report

Lawrence A. Dreier, Administrator MVRTD

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

Marble Valley Regional Transit District, generally known as "The Bus" is approaching their 16th year of operation. MVRTD is the largest non-urban public transportation system in the State of Vermont. It provides transportation to the general public in Rutland County, as well as to several Social and Human Service Agencies. MVRTD increases self-sufficiency for the elderly, infirmed, and disabled and is vital for those who need transportation. MVRTD has become a valued asset to the communities it serves. System ridership has increased noticeably over the years with many rides furnished to special needs people. Approximately 305,000 vehicle miles accumulated annually on the fleet of 23 general transit buses, most of which are lift equipped.

FY91 was filled with achievement and progress for MVRTD with its successful application of a Federal capital grant. The grant will allow MVRTD to complete its facility expansion program, double its administration capabilities, provide a complete maintenance facility and purchase three buses. Financing these major investments has been accomplished through the generation of grants obtained from the State and the Federal Government leaving community participation at less than 25% of actual cost. Through efficient management and a trained professional staff of 23 employees and over 60 volunteers, MVRTD has reduced costs to the taxpayer. MVRTD's free fixed route ride days, offered on the third day of each month, have been expanded to include all member towns.

In a recent review of all Vermont Public Transportation agencies conducted by Lloyd Robinson and Associates Inc. for the Vermont Agency of Transportation the following finding was made of MVRTD: "You should note that your system is SUPERIOR in most respects when compared with other systems in Vermont and around the country."

Marble Valley Regional Transit District is actively working with area regional planners, developers, and legislative members to coordinate transportation needs in Rutland County as well as throughout the state. In efforts to further expand coordination efforts state-wide MVRTD assumed a key leadership role as Chairman of the Vermont Public Transportation Association. In that role MVRTD facilitated grants state-wide in excess of 3.5 million dollars. One grant that will be especially helpful for our community members will be the new rideshare/ridematch project. This grant, facilitated by Senator Patrick Leahy, became seed money for additional State funds, ensuring a state-wide transportation system featuring an advanced telecommunications network. This will provide greater coordination throughout the State, and more access to transportation in Rutland County.

MVRTD's free transportation service to the Medicaid and Reach-Up eligible has increased from last year's 18,500 rides to over 21,000 rides this year, maintaining our status as the second largest Medicaid transportation provider in the State of Vermont.

In times of uncertain and expensive energy supplies, environmental issues, traffic congestion, and high costs of road construction, public transit is becoming increasingly valuable. We appreciate the financial and moral support of the elected officials and taxpayers of our municipalities that guarantee Marble Valley Regional Transit District's continuance.

Rutland Free Library Association, Inc.

Paula J. Baker, Director

To the Honorable Board of Aldermen, Mayor and Citizens:

As the world has gotten progressively more complex, the individual's need to know has risen in a corresponding volcanic fashion. While the library still helps with homework assignments and provides best sellers for the beach, it has also become an information resource center for area residents who are turning to the library in record numbers. *21,424 reference questions were handled this year, as library use shot up 6%. In the last five years the number of books borrowed has risen 28%!* Shocked citizens investigated gulf war technology, parents looked for college financial aid, businesses sought new avenues in tight times, home school students and independent learners came as did story hour children, retirees and thousands of hard-core readers.

The library planned 195 programs and provided space for an additional 228, *hosting 11,725 people*. These events ranged from book discussion groups to People's Law School and also included a special workshop series for the business community and story hours for pre-school children, as well as concerts, lectures, poetry readings and seminars. As a part of ongoing efforts to participate directly in community life the library also served as a site for First Night activities and hosted the Chamber of Commerce.

Community response to this work has included a *massive support effort* by Friends of the Library who orchestrated the donation and construction of a children's center and nine study tables, all through the local business community. The Rutland Garden Club added entrance plantings and the preparation of a master plan

to their ongoing bed maintenance work at the library. Through Adelphia Cable's workshops one library supporter made and gave the library a video tour of the library which was also aired on cable TV. Thirty-eight volunteers gave help equivalent to an additional full-time position, assisting with filing, typing, story hours, shelf reading, program planning and interlibrary loan mailings.

While increasingly heavy reliance on library services from area residents has put the library at the top of statewide use statistics, the Board of Trustees has been working to broaden financial support for what has become a truly regional facility. In March *voters in Mendon joined those in Rutland Town in overwhelming support of taxes for the library*. Voters in Ira, Clarendon and Chittenden turned the issue down, while Shrewsbury selectmen decided not to place it on the ballot. The library also delivered testimony on the question of non-resident fees for a state board task force on access, stating strongly the belief that local taxes entitle only supporting communities to free services.

To insure a solid footing in the years ahead the trustees have embarked on the preparation of *five-year plan* as they consider the effects of erratic funding, no state aid, burgeoning use, a union and a reference staff whose size hasn't changed in 29 years. They are examining automation, staff size, literacy needs, extended services to the growing senior population among other concerns. These goals will be laid out at the Association's annual meeting in October.

Report of the Rutland Historical Society, Inc.

Eleanor J. Elwert, President

To the Citizens of the City of Rutland

The society was the group designated to organize activities in Rutland in celebration of the Bicentennial of Vermont's entering the Union. The major event we sponsored was a Ball on March 8th the exact date of the Inaugural Ball held in Rutland 200 years ago to celebrate Vermont's entrance into the Union.

It was a great party held at the College of St. Joseph with the First Republic Brass Band plus a dance band, loads of refreshments, costumed dancers galore and colonial style decorations to mark the occasion.

The Annual Meeting in October related to the involvement of Vermonters in the Civil War, a popular topic growing out of the TV series on that war by Ken Burns.

We participated in the Loyalty Day Parade sharing a float with the First Republic Brass. The Board meets monthly, the Quarterly continues with an issue on the Early Volunteer Fire Companies (Nickwackett included) of particular interest.

Our next volume in the series on Rutland history is well on the way to completion for publication in October. The title is "The History of Rutland, Vermont 1761-1861" authored by Dawn D. Hance. Mrs. Hance was also the author of the first volume "Early Families of Rutland Vermont". The history will be about 700 pages with 6 maps, specially commissioned drawings and a reproduction of the painting of "The Falls at Center Rutland" by Frederic Church on the dust

jacket. This painting hangs in the Oval Office at the White House.

The rehabilitation of Nickwackett Fire House should be complete by the end of October. Having often been disappointed in predicting completion dates we can only guarantee we will be settled in by the end of 1991.

Giancola Construction Co. is doing the work which began in January and entailed totally gutting the basement and first floor. Then, to strengthen the 2nd floor to be able to carry the weight of stored items, six steel columns were added in the basement and on the first floor where heavy beams will support the 2nd floor. When it is finished this will be an exceptionally solid building with a handsome front door and up-to-date mechanical and electrical systems.

When moving time comes we will require many hands to properly accession and catalog an accumulation of the past three years in addition to moving our collections that have been stored in various local places. We will at last have an adequate facility where we can use the talents of our members and potential members in the proper administration of our museum and research facilities.

We are grateful for the cooperation of TV Channel 15 in the development of local historical programs. The Rutland Department of Parks and Recreation has been especially helpful with its support as are the City Fathers. We look forward to a bright new day for Rutland history.

Regional Ambulance Service, Inc.

Amelia Taylor, President, Board of Directors
Aldo Manfredi, City of Rutland Representative

To the Honorable Citizens of the City of Rutland, VT:

We are pleased to present our annual report to the Citizens of the City of Rutland. Regional Ambulance Service, Inc. has continually provided emergency and non-emergency ambulance service since 1983. During our eighth fiscal year, ending June 30, 1991, the service responded to a total of 4,089 ambulance calls and an additional 739 paramedic intercept calls.

In an effort to continue Paramedic Advanced Life Support in this area, the Board of Directors implemented a plan to assume the paramedic program formerly offered through the Rutland City Fire Department. The transfer of the program from Rutland City Fire Department to Regional Ambulance required the addition of personnel, new equipment an emergency vehicle and addition of one garage. Our personnel made the commitment of upgrading their skills to the Emergency Medical Technical Defibrillation and Emergency Medical Technician Paramedic certifications. The intensive training and upgrading continued throughout the year. Pictured above is a new four wheel drive ambulance that replaced an older unit and the paramedic intercept vehicle we call "Medic One".

The process of transferring the paramedic program from Rutland City Fire Department to Regional Ambulance could not be completed without the team work of the employees of both services. The members of the Rutland City Fire Department should be commended for the services they have provided in the medical field over the years. We especially thank Officers Gary Gregorio and Michael Walsh for their assistance. The transfer of the program will be completed early in the next fiscal year.

Our professional staff is extremely capable and dedicated. The public is encouraged to visit and talk to the employees and administrator at our Stratton Road facility. Please feel free to contact James Finger, Administrator, or your representative, Aldo Manfredi, if you have any question concerning the service.

We are proud of our accomplishments and look forward to serving you in the future. The Board of Directors and Administration of Regional Ambulance Service, Inc., will continue striving to provide the highest quality of emergency ambulance care at the lowest possible cost to all of the citizens we serve.

Rutland Area Visiting Nurse Association

Evelyn Doyle, Executive Director

To the Honorable Mayor Wennberg, City Council and the people of Rutland City:

Thank you for your continued support of the Rutland Area Visiting Nurse Association, Inc., (RAVNA). Our goal continues to be, to provide quality Home Care services so people may remain in their own homes as long as possible.

The Home Care services that were provided to City patients are as follows:

Unduplicated Patients	730
Skills Nursing	7910 visits
Physical Therapy	1397 visits
Speech Therapy	141 visits
Occupational Therapy	64 visits
Home Health Aide	10366 visits
Homemaker	4758 visits
Medicaid Waiver – SNC	73 visits
	49 hours
HHA	286 visits
	1076.50 hours

Other services that the RAVNA provides are:

Clinic Services	612 Unduplicated people served
-----------------	--------------------------------

Public Hypertension & Cholesterol Screenings	5249 screened
Occupational Health Ser.	47 worksites served

Preventive Health Programs 2349 participants (classes, workshops and exercise events)

Breast, Pap & Pelvic Screening Clinics Co-sponsored by the American Cancer Society	60 Unduplicated people served
------------------------------------------------------------------------------------	-------------------------------

RAVNA is making every effort to meet the needs of our communities as the health care system changes. We are now in the process of becoming Hospice Medicare Certified. This would provide comprehensive services for terminally ill patients to stay at home.

We thank all of the people of Rutland City for their continuing financial support. This support allows us to provide services to needy people that don't qualify under Medicare/Medicaid and Insurance programs. If you need help or want information please call 775-0568.

Cemetery Commissioners' Report

Dawn D. Hance, Chairperson

To the Honorable City Council and Citizens of the City of Rutland

There is very little to report on the cemeteries this year. Two Guys Lawn Care, who placed the lowest bid of \$2,210 for mowing, has done an outstanding job maintaining the cemeteries. The signs posted at West Street Cemetery seem to have discouraged vandalism at the site.

A walk through a village burying ground often reveals the circumstances surrounding untimely deaths. North Main Street Cemetery is no exception.

One such monument carved in stone relates that Lieutenant Joseph Green was "cruelly murdered on 15 February 1814 at the age of twenty-seven years. Green, a Rutland shopkeeper, was preparing to leave for Boston to purchase merchandise for his store when he was robbed and murdered. James Anthony, who was convicted of the crime, was to be executed on 14 April that year. However, he hanged himself in his jail cell that day, disappointing ten thousand people who were expecting to witness the execution. It is said that Anthony was buried at night in this cemetery in an unmarked grave.

William T. Hall was "instantly killed by the bursting of a cannon" on 4 July 1803 at the age of thirty-two years. He was with a group of men who had gathered on the Common to celebrate the holiday. The cannon, wadded too tightly, exploded and Hall was decapitated.

John Finten's death was "occasioned by the burning of his house" 22 February 1818 at the age of sixty-eight years. When his wife went to get help he re-entered the building and perished in the flames.

Franklin Kingsley Paige "drowned" 28 November 1807 in his fifth year. Anson Strong was killed "by the fall of a barn" at a barn raising in June 1800. He was thirty-two years old.

Others, some of whom rest in unmarked graves, also met accidental deaths. John Wheelock died 4 July 1799 in his eighth year from an overdose of liquor given him by a stranger. Jude Moulthrop was killed by the fall of a tree 10 December 1800 at the age of forty-three years. Judge Samuel Williams died as the result of a logging accident 28 February 1800 in his forty-fourth year. He suffered a puncture wound and died of gangrene. Mary Lester succumbed to an overdose of opium 13 September 1838 at the age of twenty-three years.

On 4 December 1813 Daniel Oliver, a black man, lost his five children aged between one-and-a-half and nine years. He and his wife and infant, upon their return home, found their house in flames and the children trapped inside. Surely, all of these deaths shocked and saddened the community.

Council on Aging, RSVP, One-2-One and InterAge

John G. Campbell, Office on Aging Executive Director

Anne Rowe, RSVP Director

Maria Fish, One-2-One Director

InterAge—Marlee Mihevc, Director

To the Citizens of Rutland:

The Southwestern Vermont Council on Aging (Office on Aging), which is located in the Bardwell House, is the regional provider of meals and senior advocate services. A total of over 33,351 meals were delivered to homebound elders in the City by staff and volunteers. Another 13,051 meals were provided at three locations within the City: The Bardwell House, Sheldon Towers, and the Senior Center on Deer Street.

Senior advocates provided assistance to 370 City residents with benefits applications, problem resolution and linkages with a variety of community services and programs. They meet with elders in their own homes, providing a personalized service which respects the elder client's wishes.

Other services available through the Council on Aging, either directly or through contract, are a long-term care ombudsman who assists residents of nursing homes and residential care homes; legal services through the Senior Citizens Law Project (Vt. Legal Aid); information and referral and volunteer assistance.

For more information call 775-0486.

The Retired Senior Volunteer Program—People helping people—Volunteers sharing their life skills to support their community—is an important program that is continuing to grow in strength and services provided to non-profit organizations in Rutland County. The variety of services we provide is almost unlimited, based on the imagination and skills of our volunteers and the needs in our community. RSVP volunteers serve as receptionists, tutors, library aides, office workers, hospital workers, musicians, nutrition workers at senior mealsites, guardians-ad-litum, day care workers, and friendly visitors. They provide computer expertise, telephone reassurance to frail elders, work in the correctional center, police department, public schools and many more.

RSVP is the largest program of coordinated volunteer opportunities in the area. It is available to assist people 60 and older who want to help meet community needs through meaningful use of their skills and knowledge. Approximately 404 volunteers participated in the program last year, donating over 60,000 hours of service to the community and the self-fulfillment gained through their volunteer work enriches the lives of those who participate. For more information call 775-8220.

The One-2-One Program operates with a group of dedicated volunteers to provide telephone reassurance, friendly visiting and essential transportation to Rutland County elders. During the past year over 7000 telephone contacts, 500 visits and 2500 trips were provided for Rutland City elders. The One-2-One program is part of Rutland Community Programs, Inc. To arrange for services please call mornings 775-8219.

InterAge, Rutland's Adult Day Project, creates a caring, supportive and stimulating environment for participants, promotes integration within the community, helps reduce or avoid isolation and allows for daytime respite for families or other caregivers.

InterAge opened its doors December 11, 1990 serving 11 individuals the 1st quarter (9 Rutland City residents—2 from outlying communities). Currently InterAge operates two days each week. Thanks to the City of Rutland and United Way, we will be expanding our days of operation adding a third day in the fall of 1991.

Located at the Stafford Technical Center, InterAge represents a true intergenerational collaboration. Some of the day care staff is drawn from a carefully supervised group of students who are being trained for jobs in the health care/human service field, as well as from a training program also based at Stafford Technical Center for adult learners who wish to enter or re-

enter the human service field. Children attending the on-site pre-school program at the center also interact on a regular basis with the adult day participants providing lots of laughter and joy. Senior Companion Volunteers round out the supporting cast of this new program.

Rutland with its large population base had long been identified as having a critical need for adult day services. We are very happy to be able to provide this service to our community, and grateful for your support which allows us to continue providing this service.

Rutland Redevelopment Authority

Matthew T. Sternberg, Executive Director

1991 Annual Report to the City of Rutland, Vermont
For the Period July 1, 1990 to June 30, 1991

I am pleased to submit my first Annual Report as Executive Director of Rutland Redevelopment Authority. Our first full year of operation was extremely productive. The expertise available in our community, coupled with the support of our elected and appointed officials, is compelling evidence that Rutland will achieve its redevelopment goals. Effective redevelopment requires close cooperation between the public and private sectors. The strengthening of this cooperation has been our most significant accomplishment to date. I would like to summarize some of our key achievements:

We have in place a professional staff to handle the many issues facing the Authority. In addition to me, RRA has hired an Administrative Assistant, Nannette J. Mattsson, and has established permanent offices in the Gryphon Building.

Our first major project was creating a Special Benefit District in the downtown business district. Patterned on the experience of more than 4,000 such districts in operation nationwide, the district places a surcharge on the Real Property taxes paid on properties within the district. These funds are then used for marketing, maintenance and security programs, and for the purchase of streetscape amenities such as benches, planters and trash receptacles. All funds raised in the district are spent in the dis-

trict. This provides a powerful and effective tool for revitalization.

RRA has established a Business Improvement Program designed to help the owners of small, independent businesses in Rutland gain a competitive edge in the regional economy. The initial emphasis has been on downtown retail, although the program is in no way limited to those businesses. Experienced consultants are available to help the business owners strengthen their operations. As an extension of the Business Improvement Program, RRA has created a \$100,000 fund for small business loans.

As we finish the year, we are taking a central role in plans for the revitalization of the Rutland Shopping Plaza and other major downtown redevelopment projects. Here again, the public and private sectors are finding solid common interests. A true spirit of cooperation is developing. Our first year was very productive. Our second should witness exciting growth.

I would like to extend my thanks to the RRA Board of Commissioners and the Board of Aldermen for their support during our crucial first year. Thanks are also due to the Board of Directors of Rutland Partnership and the members of the Special Benefit District for their support in making the downtown revitalization-district a rapid success.

Employees of City of Rutland, Vermont

Earnings Over \$300.00

From July 1, 1990 to June 30, 1991

If not stated separately, any applicable overtime is included in total earnings.

List of Unpaid Taxes as of 6/30/91

The list of unpaid taxes is as it appears on the records of the City of Rutland as of 6/30/91 pursuant to 1 V.S.A. Chapter 5 Subchapter 3.

Persons listed are the owner(s) of record as of 4/1 of the year preceding the tax year shown. Subsequent to the date are taxes that are delinquent. The City realizes that transfers may have occurred subsequent to 4/1 and that taxes became due and delinquent and such listed indi-

viduals may not be responsible for the amounts indicated.

Amounts shown are taxes only exclusive of interest & penalties.

Legend:

A — up for abatement.

P — payments being made.

* — Paid after 6/30/91.
